MANAGEMENT DISCUSSION AND ANALYSIS REPORT

ECONOMIC SCENARIO

After the domestic as well as Global crisis the recent reform action by the government, regulatory initiatives, certain positive news flows and easing in manufacturing inflation have helped to provide short term boosts of optimism in second half of FY 2014.

Government's decision in relation to LPG subsidy, Easing FDI norms, Disinvestment Programmes, De-regulation of petrol and diesel prices, further easing of monetary policy, regular co-ordination with the other regulators by government are giving some positive outlook for coming years.

But another side of Indian economy is giving downside risk to the growth. GDP growth rate fell below 5% the lowest in the decade, current account deficit and inflation is increasing like the mouth of SURSA, policy slowdown, declining in gross domestic savings as a percentage of GDP, increasing demand of gold and real estate. All these are giving pressure and not the positive signal for Indian economy.

India has been able to limit the adverse impact of this slow down on our economy. It is also a fact that in any cross-country comparison, India still remains among the front runners in economic growth. However, with agriculture and services continuing to perform well, India's slowdown can be attributed almost entirely to weak industrial growth. Numerous indicators suggest that the economy is now turning around. There are signs of recovery in coal, fertilizers, cement and electricity sectors. These are core sectors that have an impact on the entire economy. Indian manufacturing appears to be on the cusp of revival.

FINANCIAL MARKETS

The turmoil in the global financial markets had a significant adverse impact on India's balance of payment (Bop) position. This impact was manifested by the reversal of FII inflows and the decline in the long term and short term debt flows. On the other hand, NRI inflows improved and FDI inflows resilient.

OPPORTUNITIES AND THREATS

Opportunities

Being Part of India's Growth story

Recovery of capital Markets

Increasing awareness of various types of financing activities among the sme's & the Mid-Cap Segment

Relaxation in FDI Norms by the Government and increased inflow of money through FII's in INDIA

Threats

Volatile Capital markets

Increasing fiscal deficit

Intense competition from Indian and multinational investment banks

High Attrition rate of young, dynamic and experienced Professionals

Internal control

The Company has adequate system of internal controls for business processes with regard to operations, financial reporting, fraud control, compliance with applicable laws and regulation etc. Regular internal audit and checks ensure that responsibilities are executed effectively. The Audit committee of the board of directors actively reviews the adequacy and effectiveness of the internal control system and suggests improvement for strengthening the existing control system in view of changing business needs from time to time.

Human Resource

The human resource assets are integral to your Company's ongoing plans and will enable the company to deliver better performance in order to optimize the contribution of the employees to the company's business, several training and development programme at all levels are being conducted. Further, the company is also exploring other avenues to keep the employee morale at the highest level to enable them to optimally utilize their strengths for maximum benefit to your company.

Risk & Concerns

Risks are integral aspects of business. Evaluation of risk and its management

becomes more important in the global scenario especially when the company is trying

to penetrate the global markets. The management of your company consistently

analyzes the various risks associated with the business and adopts relevant risk

management practices to minimize the adverse impact of these risks both external

and internal developments are assessed regularly. Fund raising both in the form of

debt syndication, IPO, Rights, FCCB, ECB and other forms is dependent upon

government policies, performance of capital markets, and central banks decisions.

Also in this era of liquidity crunch and volatile capital markets, there is fair amount of

liquidity and financial risk from the clients.

Future Outlook

The global economic scenario that was filled with uncertainties during FY 2014,

seems to be stabilizing. Many analysts believe that it is safe to say that the worst is

finally over. Although, this does not imply that the global economies will resume the

rapid growth that they showed over the 2005-08 period, it definitely provides a hope of better times to come. With Central governments world wide lowering interest rates

and announcing enormous economic stimulus packages and moderating commodity

prices we expect those in emerging economies like India, will resume their growth

momentum albeit at a slightly moderate pace as compared to the previous Bull Run.

Cautionary Statement:

Statement in this Management Discussion and Analysis Report describing the

Company's objectives, projections, estimates and expectations may be forward

looking statements within the meaning of applicable laws and regulations. Actual

results might differ materially from those either expressed or implied.

The Company is not under obligation to publicity amend, modify or revise any

forward looking statements on the basis of any subsequent developments,

information or events.

We have audited the accompanying financial statement of **HARMONY CAPITAL SERVICES LIMITED** ("the company"), which comprise the Balance Sheet as at 31ST MARCH 2014 and the statement of Profit & Loss Account and the cash flow statement of the Company for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statement.

Management is responsible for the preparations of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in Sub-section (3C) of section 211 of the companies Act, 1956 (" the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation of the financial statements that gives a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence amounts and disclosures in the financial statements. The procedures selected depend on the Auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair

presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India.

- (a). in the case of the balance Sheet, of the state of affairs of the Company as at March 31, 2014.
