MANAGEMENT DISCUSSION AND ANALYSIS REPORT

GLOBAL ECONOMIC

During 2015-16, global economic growth continued at a slow pace leaving the world economy more exposed to risks. Some of the factors for the lacklustre growth include a sharper-than-expected slowdown in China; return of financial turmoil in emerging markets; waning political solidarity in Europe and a persistent slump in oil prices. The Eurozone's economic recovery continued although overall growth remained subdued. Solid domestic data continued to drive the recovery while the external sector dragged on the economy's performance. The Japanese economy is struggling for growth against structural headwinds including a declining and aging population, weakening productivity, low return on capital, and high debt levels.

INDIAN ECONOMY

In 2015-16, the Indian economy emerged as one of the few large economies with an encouraging outlook. The factors contributing to this positive outlook were controlled inflation, rise in domestic demand, and increase in investments, decline in oil prices and the boost to reforms, among others. According to the IMF, India is set to become the world's fastest-growing major economy by 2016, ahead of China.

The economic fundamentals are showing healthy trends, which corroborates the expected growth in the economy. Inflation has been largely tamed. The investment cycle in India is showing positive growth and expenditure on consumption is increasing, although in a fluctuating trend. This growth is likely to be sustainable considering government's focus on industrial activities, infrastructure development and ease of doing business.

Budget 2016 is a good indicator of the government's intentions and plans. With the global economy fraught with uncertainties, it is commendable that the Indian Government is sticking to its fiscal deficit target while pursuing the growth agenda. Government targets to narrow the central fiscal deficit to 3.5% in 2016-17, after having comfortably met its 3.9% target for 2015-16. While public investment and urban consumption were the major drivers for growth last fiscal year, a reinforcement of private investment and rural consumption is critical if growth is to remain strong in 2016-17 and 2017-18

Internal control

Your Company has put in place adequate internal financial controls with reference to the financial statements, some of which are outlined below.

Your Company has adopted accounting policies which are in line with the Accounting Standards prescribed in the Companies (Accounting Standards) Rules, 2006 that continue to apply under Section 133 and other applicable provisions, if any, of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 and relevant provisions of the Companies Act, 1956, to the extent applicable. These are in accordance with generally accepted accounting principles in India.

Your Company operates in an ERP system, and has many of its accounting records stored in an electronic form and backed up periodically. The ERP system is configured to ensure that all transactions are integrated seamlessly with the underlying books of account. Your Company has automated processes to ensure accurate and timely Updation of various master data in the underlying ERP system.

HARMONY CAPITAL SERVICES LIMITED

Human Resource

The human resource assets are integral to your Company's ongoing plans and will enable the company to deliver better performance in order to optimize the contribution of the employees to the company's business, several training and development programme at all levels are being conducted. Further, the company is also exploring other avenues to keep the employee morale at the highest level to enable them to optimally utilize their strengths for maximum benefit to your company.

Risk & Concerns

Risks are integral aspects of business. Evaluation of risk and its management becomes more important in the global scenario especially when the company is trying to penetrate the global markets. The management of your company consistently analyzes the various risks associated with the business and adopts relevant risk management practices to minimize the adverse impact of these risks both external and internal developments are assessed regularly. Fund raising both in the form of debt syndication, IPO, Rights, FCCB, ECB and other forms is dependent upon government policies, performance of capital markets, and central banks decisions. Also in this era of liquidity crunch and volatile capital markets, there is fair amount of liquidity and financial risk from the clients.

Future Outlook

Macroeconomic scenario in India significantly improved during current year and the economy is in much better shape vis-à-vis previous few years – primarily driven by services sector as well as picking up industrial activity. This points to buoyancy in domestic consumption. With this sound footing, now the savings-investment dynamics will be crucial for the growth to strengthen further in the coming years in addition to reversal of the subdued export performance being currently witnessed. The key will be the response of savings to improved price and financial market stability, and of investment, particularly in the crucial infrastructure sector, to reform efforts of the Government that are underway. With the government putting its act together to resolve issues related to mining and construction (read coal block auctions, etc.), that will provide much needed impetus to GDP as these two sectors have effect on quite a few industries. Better use of resources is critical to shore up productivity which is currently abysmal as reflected in current ICOR.

HARMONY CAPITAL SERVICES LIMITED

(CIN: L67120RJ1994PLC008796)

Globally, while some economies have shown resilience and improvement – Germany and USA, respectively, others like several European countries, Japan as well as China have shown slowing growth. Hence the global scenario is a mixed bag.

Considering the improving domestic macroeconomic parameters supported by benign crude prices and Government's commitment to reforms, the outlook for Indian economy looks positive, though the uncertainties arising from increasing rate scenario in US and situation prevailing in Eurozone could have an impact in the coming year. Given the above and assuming normal monsoons, growth of around 8.5% looks possible in 2016-17.

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of HARMONY CAPITAL SERVICES LTD. ("the Company") as of 31 March 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the

audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be

HARMONY CAPITAL SERVICES LIMITED

(CIN: L67120RJ1994PLC008796)

detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
